

## Pathways development is on its way

STAGE one civil works are almost complete at Pathways, the AVJennings development set to become the best new address in Murray Bridge.

Construction crews have worked hard over the past few months laying the groundwork for this exciting new estate and, as a result, the streetscape of the Roper Road site is beginning to take shape.

The road pavements are complete and work will soon start on the estate's new footpaths and streetscapes.

Also, a proposed design concept for the Pathways entry

statement has been completed and is on display at Masons Real Estate.

In other exciting news, the first block of land at Pathways has been sold to one of Masons' database customers.

Therefore, with the first public land release scheduled to take place at the site between 2 and 4pm on Sunday, February 12, now is the time for interested buyers to contact sales consultant Paul Clifford about this exciting new development.

In total, 238 allotments are available at Pathways, and to reflect the rural surroundings, they will range in size from villa

and courtyard blocks of 400sqm to country living parcels of 2885sqm.

Also, about one third of the development has been dedicated to the creation of proposed reserves, parklands, and a series of walking trails and board walks for residents and the surrounding community to enjoy.

- Details: To see a plan of the best new address in Murray Bridge, or to find out more about the first public land release in February, visit Masons at 65 Bridge Street or call Paul Clifford on 0438 813 916 .
