

'Discovery' perfect for growing families

THE AVJennings' 'Discovery 275' at Pathways is ideal for your growing family.

THE 'Discovery 275' with metro façade is currently for sale at the AVJennings development, 'Pathways' located on Roper Road, Murray Bridge.

This home is one of eight under construction in the Parkview Collection.

The 'Discovery 275' is scheduled for completion in a couple of weeks and overlooks the estate's new playground and reserve area.

With four double bedrooms and three living areas, the 'Discovery 275' has plenty of space for every member of a growing family.

"With kids staying at home longer, even as they are maturing into adults, they will have plenty of space in their own bedrooms and living

areas to enjoy," AVJennings contract building general manager John Howarth said.

"The house virtually has four double bedrooms with plenty of space for double beds or a work station."

Mr Howarth said the home was ideal for a large family.

"The three living areas and two meal areas are the biggest features of the house, along with the big bedrooms," he said.

"You can also bring the outside in by using the alcove area."

"This home is perfect for a big family or a growing one."

Another appealing feature is the fact parents of youngsters can see the third living area from the kitchen.

The kitchen is a design which is easy to get around when delivering meals to the dining area or when holding a dinner

party in the front living room.

The 'Discovery 275' with metro façade at Pathways is open for inspections every Sunday from 2pm - 3pm.

- Details: For more information or to arrange an inspection contact Paul Clifford at Masons Real Estate on 8532 3833 or 0438 813 916.
